

Goldmund Press Release

May 2012

Official Launching Ceremony of Goldmund Japan May 17th, 2012 Tokyo

Goldmund is proud to announce the creation of Goldmund Japan, its new distribution center in Asia.

This new distribution center was created in collaboration with Mr. Junichi Yamazaki, President of Triode Corporation, who has a lifelong experience of the High End industry. It will promote Goldmund with an entirely new approach through the introduction of products that are completely original and technologies developed by Goldmund that have never been introduced to Japanese customers.

Goldmund Japan will be officially launched on May 17th with a grand ceremony gathering more than 200 persons. For this occasion, Mr. Reverchon, CEO of Goldmund, will address the audience through a video taken at the Goldmund Geneva offices.
